Porn In The Uk! 28

WHERE IT'S AT

Mayfair Male 4

Amazing! People keep on having sex and people keep on writing about sex. Will it never end? Not as long as we're about it won't! Eyes at the ready, then…

Extreme Sports 12

"But this isn't a sport," you may well bleat. And maybe it's not, but you can't deny it's not extreme to drive a beautiful sports car across the barren wastelands of the Sahara!

Up The Skirt! 20

It's not the done thing to lie on your back and peer up women's skirts, but every man knows that's ideally how he'd like to spend his day. Short skirts and knickers can drive a man crazy, so prepare to lose your nuts!

Porn In The UK 28

For years us sad Brits have been denied hardcore porn by elderly censors and religious fascists who apparently know better than we do. Well the time has come to legally see people coming on film. Rejoice!

Win A Tigershark! 36

Win a what? Look, pal, this is the best machine man has ever invented and is the fastest ride you'll ever have – on water! It's a Suzuki-powered Personal Water Craft, and if you play your cards right it could be yours!

Scene From… 38

We've decided that for this month only we'll fill our news section with stuff about films you've never heard of, pictures of people you don't care about and reviews of games you can't afford. Same as usual really.

Celebrity Sizzlers! 52

Rosie Perez, Traci Lords, Helena Bonham-Carter and Beverly D'Angelo are this month's naked lady luvvies. They've got talents coming out of their pants, this lot.

See Us On The Net 54

MAYFAIR MALE

Why is it so fascinating to read other people's mail? In this instance, it's because the letters are all about fucking! Cool, huh?

If you've been licking, sucking, tweaking, fingering, stroking or maybe even having sex, we'd like to know all about it. So send your lewd letters to the address on the right!

ONE FOR THE NET

I really like the look of your Internet site but like a lot of people I don't own a computer and don't have access to one. I wonder if you would consider putting some of the net video sequences onto video cassettes and offering them for sale to your readers. The ravishing beauty of your models should guarantee sales.

W.A, West Yorkshire

Now if only WE could come up with ideas like this! We'll put it to the boss, and let you know what he reckons next ish.

CINDY'S A DOLL

I really like your model Cindy, the stud farm worker from Newmarket. Newmarket in New Zealand used to be my home town and I love working on farms as well. Cindy even said she just got back from Australia and that she's saving up for a big tour of America. What's wrong with New Zealand? I wish she could come over here and see what New Zealand men can offer.

Taugi, Auckland N.Z

Don't worry, although Cindy may be out of your reach, there are plenty more fish in the sea. Then again, who wants to fuck a fish?

TICKET TO RIDE

I recently won a ticket to see one of my favourite bands in London and I ended up meeting a gorgeous girl called Anna. She was 18, had long dark hair and wore fishnet stockings with a sexy dress that showed off her fantastic figure perfectly. As we were both on our own we got talking and she soon made it clear that she fancied me. Midway through the concert, she whispered in my ear, 'Why don't we find somewhere quieter?'

> "I pushed my dick into her wet muff and fucked in and out"

We worked our way back through the crowd and sneaked into the gent's toilets where we received a very strange look off a lad as we slipped into an empty toilet cubicle! We kissed passionately and within seconds she'd whipped off my shirt and was pulling my trousers down, making it clear she was in control. As I heard my favourite song rumble in the background she got hold of my cock and gave me the most heavenly blowjob, sucking up and down my erect shaft.

> "Anna played with her clit and soon her soft whisperings became uninhibited squeals"

She was clearly an expert, kissing, nibbling and using her tongue to drive me crazy. I was about to come when she stood up and told me to sit down on the toilet seat as she pulled off her black dress, revealing a body every bit as spectacular as I'd imagined. A gorgeous pair of tits with large nipples, a tattoo on her naval and a thick bush of hair above an already moist twat. With just her fishnets on she sat astride me and gently lowered her cunt down my shaft until our hips met.

'Suck my tits,' she pleaded as we fucked, letting out a long groan as my cock eased in and out of her. Anna played with her clit and soon her soft whisperings became uninhibited squeals of pleasure as we both neared climax. She pulled my face into her lovely tits and, as we came, let out a shriek so loud I'm sure the band and audience could hear!

It was the sexiest shag I've ever had with the sexiest, most exciting girl I've ever met. After the concert we went back to Anna's flat where we fucked for the rest of the night. All in all – a great gig!

John, Somewhere

Must have been a weird feeling leaving a gig and having something other than your ears feeling sore!

A FRIEND IN BREED

I'm writing to tell you about an amazing fucking session I had with my best friend's sister. She's 6ft, blonde, with green eyes and an impressive 41D-28-37 figure. Basically, she has a body a man would like to cum all over.

Anyway, it all started about two years ago when we first met. I called at my mate's house but he wasn't in – but his sister was. She invited me in and

Chunks Of Nonsense From Otherwise Dull Letters

How about some further adventures of Super Painted Cow Woman? Although I can't really pretend to be all that bothered.

Mikey, Sheffield

Super Painted Cow Woman probably isn't too bothered either. Especially considering how long it takes to put her 'costume' on.

I'm just faxing you to see if my new fax machine works.

James, Somewhere

Erm... okay.

I won't ask if I can come on a photo shoot coz I know that there is only so many ways to be told to fuck off.

introduced herself as Ellen and, after a while, we were flirting like mad. My affection for Ellen must have been obvious because she

> "Ellen lay on her bed and opened her legs, frigging herself with her fingers"

pointed at the bulge in my trousers and smiled. She came over to me, undid my zip and before I knew it, my cock was out and in her mouth. We must have been like that for 10 minutes before she let my cock go, taking me by the hand and leading me into her bedroom.

We both undressed and Ellen lay on her bed and opened her legs, frigging herself with her fingers as I watched. I sucked her fingers clean once she'd poked herself good and hard, licking her pussy juices off with my tongue and wanking my cock into a nice big erection. I pushed my dick into her wet muff and fucked in and out, her pink lips glistening as my length went to work.

Miss Great Britain! Leilani Dowding

Rarely in the long and illustrious history of *Mayfair* magazine have we expended so much time and effort (not to mention fat wads of hard cash!) in order to secure a single set of photographs – but so taken were we with lovely Leilani that no obstacle was *ever* going to stand in our way…

Crowned 'Miss Great Britain' back in February of this year, the delightful Miss Dowding has got the world at her feet but, thankfully, not her head in the clouds. Sadly for us, of course, this means that she drew the line at flashing her bits for our cameras – bloody contractual obligations and all that. Bah!

Still, drop-dead gorgeous girls like Leilani do not turn up every day, and even if she did stop short of doing the full monty, her pictures remain as horny as a buffalo's burial ground!

Chatting to us amiably about her future hopes and dreams, it soon became evident that this is one up-and-coming talent who's star is set to shine brightly for many moons to come – self-assured, bubbly and articulate, her qualities are rare indeed. Well, rare in one so young and beautiful, at any rate!

So, just what *is* she going to do with herself, now she's made her mouthwatering debut in the classiest top-shelf title in the world? More magazine work? A TV presenting job? How about Hollywood?

'Oh, I don't know' she sighs, her big brown eyes clouding over for an instant. 'Offers of work are flooding in, so many great opportunities – I can't decide what I want to do first!'

Well, whatever she turns her delicate little hands to, we're sure you'll join us in wishing Leilani all the very best of Great British luck…

One sports car. One enormous desert. Put them together and what have you got? Whatever it is, the photos look fucking excellent!

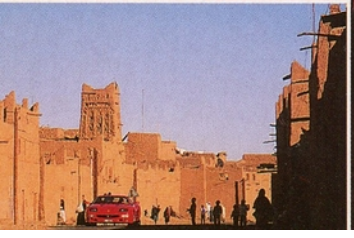
DESERT STORM

Yeah okay, so it's not really a sport, but we reckon that driving a gleaming Ferrari Testarossa across the Sahara desert is certainly extreme! Not because it's a danger to your health so much, but more of a danger to your wallet – get too much sand in the engine of a Ferrari and you're looking at one expensive bill when you take it down the garage, not to mention getting the flame-red paint work sand-blasted in the process!

The story here is simple: a couple of guys fancied taking a Ferrari out on one of the few open roads that are truly open, where speed cameras and pedestrians are but a distant Western nightmare. The Sahara has an enormous expanse of dusty tarmac to rip down, just right for a Ferrari F512M which likes nothing better than to gobble up the miles, and that's exactly what it did just as soon as the law were out of sight and the roads stretched off into infinity.

The trip was a fast blur of giant dunes and vast open skies and when given true freedom on the highways the red-blooded bitch of a car screamed along at over 250km/h, the windows wound down so the apocalyptic sound of the tyres on firm ground could rumble through the ears of the passengers.

The only dangerous incident occurred not when the Testarossa was roaring off at terrifying speeds but when it came face to face with a waterless riverbed, a path of treacherous rocks that jutted out at tyre-bursting angles. In this situation many drivers



MER!

would take it easy, traversing the riverbed with the utmost caution. However, when you cross the Sahara at 250 km/h why grind to a halt when a riverbed rears its ugly head? Yep, the rad dudes in control of this sleek monster stepped on the gas and flew across the rocks in a stunt not even James Bond himself could pull off. But then, when sat in the seat of a Testarossa, everyone's a winner, baby.

PHOTOGRAPHED BY JOHN GRAHAM

You're in a good mood, Penny.
Yeah, I'm off on holiday for a few weeks tomorrow. I can't wait.

Anywhere nice?
Obviously! I'm not going to go anywhere unpleasant, am I? I'm off to Egypt to get a tan. The summer in Britain was so bad I've forgotten what the sun looks like!

Going to a nudest beach by any chance?
I don't think the locals would be too impressed, not in Egypt.

You could probably change their minds.
No, I don't want to go treading on any toes. I'm looking forward to seeing their pyramids.

They're probably looking forward to seeing yours, Penny.
You saying I've got funny looking breasts?

Hey, it was a joke!
Well you'd better watch it, I always get funny mood swings before I go away. If you're not careful I might just pounce on you.

Sounds good to us!

UP THE SKIRT!

Women's undies, eh? We only need to glimpse a pair of women's pants and our hearts start racing. And what about when they're actually being worn by a woman? Woo-hoo! It's almost too good to be true!

Homina, homina, homina! You're walking along, minding your own dull business when life plays a pleasant surprise on you. It's a hot day, the girl walking in front is wearing a short skirt and blessed with a figure to drive a man do-lally. From nowhere, there's a gust of wind and, "Ooh, Missus! Is this a Carrie cartoon, or what?" up blows the skirt and you get an eyeful of her scanty kecks. Hey, you didn't mean to look, of course you didn't, you're a true gentlemen and wouldn't dare stare at a gorgeous woman's ass – but when you witness such a spectacle no man can resist thinking the thought, "Woah! I just saw her pants!"

A sudden flash of female gusset can throw your head into disarray if you see it unexpectedly, and the best you can do in this situation is either pretend you didn't see anything, make a weak jokey comment ("Now there's something you don't see every day!"), or just blush and rush to work so you can blurt out, "You'll never guess what…" in a juvenile fashion to your colleagues.

Thing is, now that the sun has taken its hat off and blatantly thrown it away, the chances of seeing tiny skirts getting blown up around female waists in public are, let's face it, less than huge. But hey, like weird fairy grandmothers, we can wave an 'Up The Skirt' wand and grant you a few pictures of pants being exposed. So 'til next time, keep your eyes forward, and down a bit…

It's not long until Christmas, Judy. Are you all set?
No, not in the slightest. I usually wait until the last minute before doing anything to prepare for it. I'm not one of these people who buys all the presents months in advance.

And what would you like Santa to bring you?
A nice big cock. There's nothing better than a good hard screw on Christmas morning. Sort of puts me in the spirit of things.

We wouldn't mind feeling your stocking at Christmas.
Yeah, well you can't.

How about your plans for New Year's Eve?

I'm not sure yet. I'm planning on just grabbing hold of any man I like the look of, dragging him into an alley and having him there and then. That's what I did last year and it kept me smiling for months.

We're thinking about having a giant Mayfair party.
Now that sounds like fun. Do I bring a bottle?

Yep, but that's all. No clothes are allowed.
Cool. That solves the problem of deciding what to wear!

"Why should it be that you are allowed to be chemically aroused, but not visually?"
– James Ferman, head of the BBFC

PORN

Are hardcore sex videos about to be legalised in the UK? BBFC head James Ferman thinks it's about time they were, and so do the makers of a new adult film called Dreamscape. Allan Bryce went on location to find out just how big British porn has become.

Cast your mind back, if you can, to when *Chariots Of Fire* was breaking box office records, and its writer Colin Welland leapt up at the Oscars to inform the world, "The British are coming!" He jumped the gun a bit, but 1999 might well be the year that Col's prophecy comes true – literally! All the signs now indicate that hardcore porn videos are going to be made legal in the UK, so not only will Brits be coming, they'll also be filmed coming!

For years it has been claimed that allowing hard porn to be sold legally here would spell the end of civilisation as we know it. But speaking on the publication of his last annual report, departing BBFC honcho James Ferman stated that research by the Home Office – and by the BBFC – has proven that non-violent porn is harmless, and that the public wants controls on it relaxed. (Hmm. How come this doesn't come as big news to us?).

Ferman went on to point out, "Governments hate dealing with pornography. They find it embarrassing. They have to take questions over the despatch box and even those asking the questions get embarrassed. But eventually they'll have to bite the bullet."

Stepping down after 23 years as Britain's top film censor, Ferman had nothing to lose by going public with his feelings, and he cleverly chose to link his comments to the new legal availability of the wonder drug, Viagra. "The drug makes you sexually aroused," Ferman told *The Independent* newspaper, "which is exactly what pornography has always done. So why should it be that you are allowed to be chemically aroused, but not visually?"

Ferman's recent clashes with Home Secretary Jack Straw are thought to be partly responsible for his leaving the BBFC, but the word on the street is New Labour are only too aware of the tide of public opinion that's in favour of conventional, non-violent

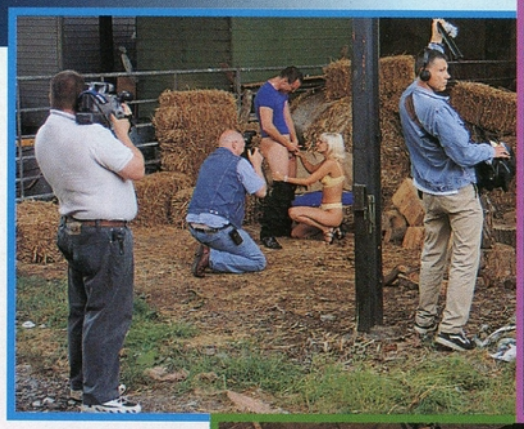
"Yeah, I see the problem, miss. Your big end's gone again!"

IN THE... UK?



porn movies being made available in sex shops under the little-used 18R certificate. "This government is very sensitive to what they read in the papers," a Soho video shop owner told me, "and we've been told, confidentially, that we should be able to start selling hard porn legally within the next few months. It's no big deal really, since we're already selling it anyway!"

Millennium Buggery?

I travelled to a remote farm in the heart of the Shropshire countryside where filmmaker Greg Hurlstone was hard at work on *Dreamscape*, a big budget hardcore epic which should be one of the first movies out of the starting gate once the law is changed. Hurlstone explained his film was being shot for three different markets: "The foreign satellite market, the foreign hardcore market and the 18R market which we think will break in the next few months."

Said Hurlstone, "*Dreamscape* is set just at the turn of the century, where the Millennium bug is not a computer bug but a disease that kills people on contact. So anybody who wants to have sex is really killing themselves straight away. For people to get sexual thrills, they employ others who take them into their own dreams and fantasies."

"The Americans are very false... and you can see they're not really enjoying it"
– Sarah Allam, UK porn actress

The filming was quite a high profile event, even the BBC were on set recording a *Modern Times* documentary. Of course, they have to be careful where they point their cameras. It's a sunny day in August, and the bods from the beeb look distinctly embarrassed while London-born stud Kris Knight shags gorgeous blonde lapdancer Sarah Allam on a hay bale.

Ever-ready Kris laughs and jokes with the crew between takes. "There are a few cocks you can film," he smiles, pointing to a nearby chicken run.

After the scene has finished I grab the opportunity for a chat with Sarah Allam, a former WPC who reckons that English girls are the best when it comes to performing in porn. "The reason is they love what they're doing. The Americans are very false, all this 'uh, uh, uh…' and you can see they're not really enjoying it. They're in it for the money. I'm in it for the cock – and cunt, because I like girls as well!"

When the filming takes a break for five minutes

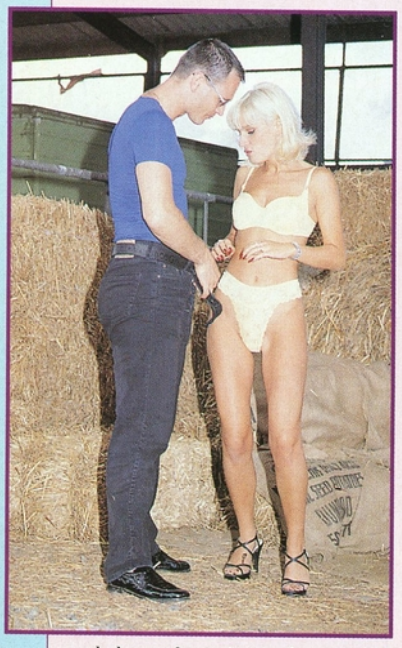
"The best hardcore features in the world will be coming out of the UK"
– Miles Thomas Parker, Rare Gold Films Ltd.

KING (DONG) FOR A DAY?

The Great Viagra Debate!

The controversial impotency cure Viagra is set to become the saviour of the ailing British hardcore industry, according to porn director Greg Hurlstone. Taking a break from the bump and grind of filming his latest feature, Hurlstone explained that the controversial drug was "a dream come true" for keeping Britain's end up in the sex business.

"Britain would have become a major production centre for porn years ago had it not been for the problems we've had in recruiting British studs who can do the business on camera!" he says. "There are only about half a dozen British guys who regularly perform in hardcore. I'm always looking for more, but the repressive climate we live in has obviously had a negative effect on the British male's libido."



According to Greg, "Even the top guys in the business occasionally have an off-day, so Viagra would be great for them as well. In the past we've tended to use vacuum pumps to get the guy up, and one guy regularly injects himself with steroids."

One of the stars of Hurlstone's new hardcore feature *Dreamscape* is lapdancer and model Sarah Allan. She also says she would welcome the use of Viagra. "We girls have it easy," smiles the slim blonde beauty. "All we have to do is open our legs and think of England! But it's a nightmare for guys if they're not in the right mood. The guy I worked with on the movie before this couldn't get it up at all. About seven hours we were there, and we finally gave up and went home. Afterwards he kept phoning me and telling me that he loved me!"

Dreamscape's featured stud Kris Knight is not so certain of the benefits of the drug. "I've never needed to use it myself," says the 27-year-old Londoner, who reckons he has made love to hundreds of women on camera and is always ready when the director yells "Action!"

"I've also heard that it can be harmful to your health," says Kris. "They say that the more well-endowed a bloke is the more likely he is to have a heart attack. And since all the blokes who work in this business have larger than average wedding tackle, there's got to be a risk, hasn't there? To me, it doesn't make sense to keep porn illegal and something like that, with its health risk, legal."

But according to Hurlstone, Viagra is already making inroads into UK porno production. "You can see just how much when you consider the fact that the BBC are here shooting for *Modern Times*," he says.

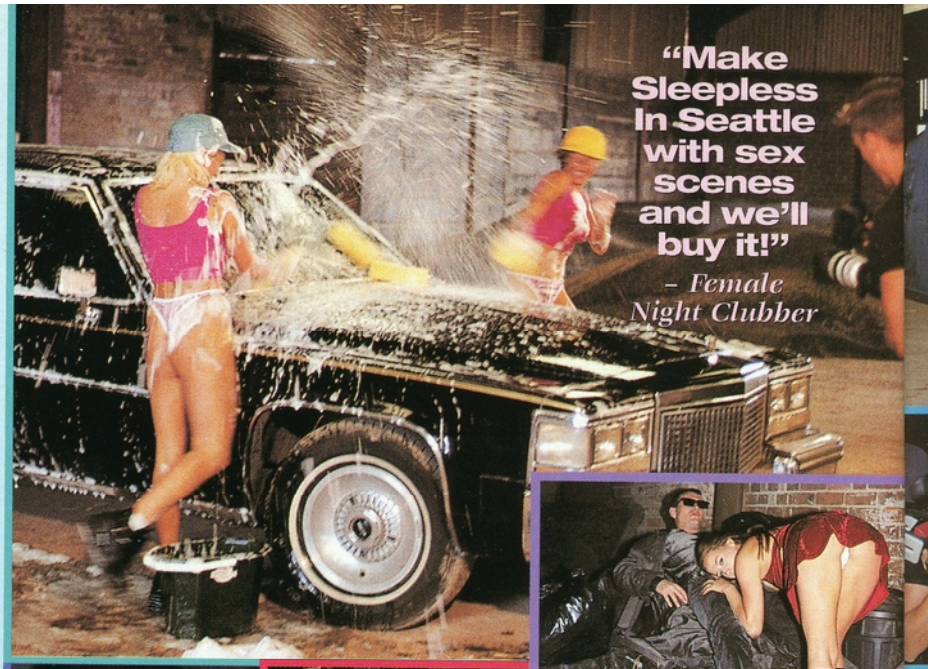
"Joe Public may not be aware of it, but more hardcore movies are being shot in the UK now than ever before. There's also an increased likelihood that porn will become legal in this country under the new 18R certificate in the very near future. That means I'll be looking to find more British guys who are ready, willing and able to have sex in front of the cameras. And Viagra is just about the best insurance policy there is!"

Kris Knight is dubious about this. "The best guys in the business can keep themselves hard for hours anyway," he says. "Because for guys to want to get into porn they've got to have a high sex drive as it is. If it boosted their sex drive, God knows what they'd be like!

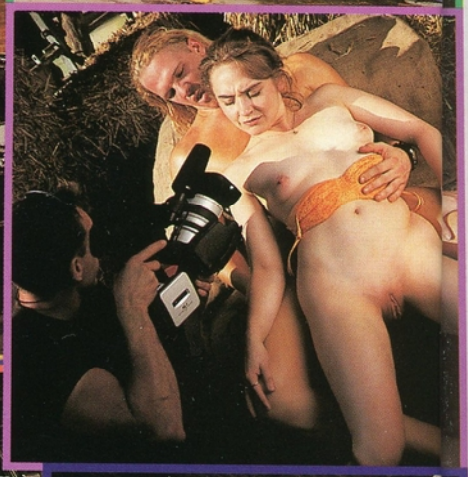
"If a guy was using Viagra on set I'd love for him to tell me, because I would actually want to see how well it worked – to see if it made that much of a difference.

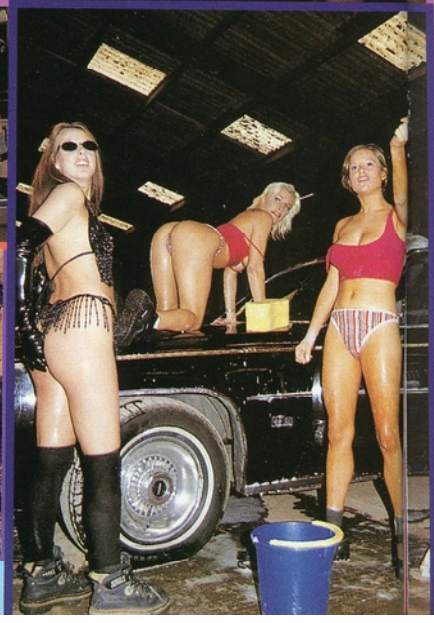
Producer and night club entrepreneur Miles Thomas Parker is against the use of Viagra in hardcore. "I'm not going to pay £250 a scene to somebody who needs to chemically get it up," he says. "If I see somebody popping a blue diamond on one of my productions they're out of a job. I won't have people on set who have drugs. The whole Viagra thing is a lot of crap. It's not about legality and it isn't about whether or not its chemically safe. What it's about is money. The government is terrified that everyone will want it on the National Health so they can try and be a sex god down the local pub."

We'll just have to see what happens. So keep your pecker up…



"Make Sleepless In Seattle with sex scenes and we'll buy it!"
– Female Night Clubber





"We have major problems with guys in the UK getting hard-ons"

– Greg Hurlstone, adult film director

Greg offers more views on the industry. "Forget *Four Weddings And A Funeral*," he says. "What the punters really want is *Four Shaggings And An Anal*." But he concedes that we may have to start importing foreign blokes to star in these films. "British blokes are not good at this sort of thing," he sighs. "Imagine trying to get your dick hard on cue when you're surrounded by a dozen crew. It's a very special talent. That's why I'm very happy that Viagra is being made legally available here, because we have major problems with guys in the UK getting hard-ons."

Money In The Bonk?

The money to make *Dreamscape* came from night-club entrepreneur Miles Thomas Parker, head of Rare Gold Films. "With the whole 18R thing bubbling over," he enthuses, "we saw the opportunity to make some money. Once hardcore is made legal some of the best hardcore features in the world will be coming out of the UK."

According to Miles, "Nobody is going to make proper sex films better than the British. The Americans are too crass. They rely on enhanced women in simplistic storylines. They throw in a few cheap looking effects to overcome a lack of imagination, and they throw money at locations thinking that will add the glamour element. But the glamour comes from anticipation, the way that it's cut and shot."

Miles explains that the company's next production will be "a proper film with a romantic angle for couples." And they've done the research to prove it'll be a winner. "We've used the night clubs to ask nearly 10,000 women between the ages of 18 and 25 would they buy hardcore porn involving men and women if it was shot right? They all came back saying the same thing – make *Sleepless In Seattle* with sex scenes and we'll buy it!"

Back on set there's no sign of Meg Ryan or Tom Hanks, but who needs them when you've got Kris Knight having his balls drained by three gorgeous girls in a gland finalé that's captured by three different cameras.

Later on, watching the playback on a tiny monitor, director Greg Hurlstone is well pleased. "I wouldn't be surprised if this wins us a few awards," he beams. He's not talking about BAFTAS of course, well not yet, anyway. But if James Ferman has his way we could be seeing porn features like *Dreamscape* elevated to a new level of critical acceptability, and Greg up there on the podium saying "I'd like to thank mum and dad, all my mates (the ones you get out of a machine), oh and I mustn't forget Viagra…"

MAYFAIR MALE

continued from page 5

She gasped and told me not to cum in her, desperate to taste my sperm instead. I pulled out and she returned to sucking my cock, gulping down my jizz as it fired out of my bell-end. Neither of us were satisfied though, and as Ellen turned to lie on her front I fondled her soft bum and explored her asshole with the tip of my cock. Ellen grew excited at this and propped herself up on all-fours.

'Take me where I've never been taken before,' she said.

The pleasure of seeing my cock disappear up her ass was indescribable and I started banging her hard. It was difficult to keep it up for long because the sensation of my dick in her tight ass was too much and I pulled out to spray more cum over her. We still weren't finished, as I slid back into Ellen's pussy one more time, fucking her faster and faster while I grabbed at her tits, her wet hole making slurping sounds as I rammed in.

> "I could feel my cum spurt out and up into her hot cunt"

The only downside to the experience was that my mate caught us at it and was none too pleased. Thankfully, after a few days of not speaking to me, he came round and we're still the best of friends.

Ben, Oxfordshire

That's what friends are for, Ben. They're always there when you need them, and if they're not you can always fuck their sisters while you're waiting. Man, ain't life good?

RED HOT LETTER OF THE MONTH

FROM BOARDROOM TO BEDROOM!

I work for a local newspaper and was sent on an assignment to interview a director of a large company. Diana is a fiery redhead in her mid-thirties and one incredibly sexy woman.

The interview took place in a wine bar and it was a fairly run-of-the-mill Q&A session, but all the way through we were really flirting with each other. We drank quite a bit afterwards and I asked her how she'd progressed from trainee to managing director in such a short space of time at this company.

'I satisfied plenty of men,' she said bluntly. 'Well actually, it was only two cocks, but very important ones and I took them both at once.'

We ended up going back to her office where she pounced on me. I was pushed back into a chair and told to get my cock out. As I did, Diana started to undress, stripping off down to a sexy basque, panties and stockings. I stroked her thighs towards her pussy, pulling the basque down to let her large, bouncy tits fall free. As I kissed and sucking her glorious globes I felt her hand curl around my manhood to wank me but she let go as I slid down between her legs.

Diana's panties were really wet and I peeled them off, reaching down and spreading her pink lips, licking around her clit and pressing my tongue hard into her. She took my licking for a while, her moans of approval getting louder before letting me know she wanted my cock. She pulled me up and on top of her, so that my shaft sank between her swollen labia. With one thrust I pushed all I had inside her, my cock effortlessly sliding in all the way as her tits pushed into my chest. Her pussy was so wet my dick was thrusting in and out at an incredible pace. I was close to shooting off but managed to maintain myself, pulling out and then resting my cock in her cleavage. Diana squeezed her breasts together so they covered my member, letting me slide in and out of her soft mounds, trailing my finger down her body to finger her juicy pussy.

> "Her pussy was so wet my dick was thrusting in and out at an incredible pace"

Again, I soon came close to coming but Diana said she wanted me to finish off inside her cunt, taking her from behind. We got down onto the floor and she stuck her bum up in the air, giving me a full view of her open snatch and little bumhole. I parted her legs and knelt down to stick my cock up her from behind. She let out a long moan as my dick plunged in and I grabbed hold of her waist as she bucked her hips. All it took was a few minutes of hard thrusting and I could feel my cum spurt out and up into her hot cunt.

We showered afterwards and spent the rest of the day together, and it turned out to be quite possibly the best assignment a reporter could have!

BIRTHDAY SUITS YOU

When a friend of mine had to work abroad for six months he was upset that he wasn't going to see his wife for so long, especially that he was going to miss her birthday. Keith asked if I wouldn't mind popping around on her birthday, delivering his present personally and keeping her company for a while. I didn't mind a bit and so my girlfriend, Sammy, and I called in as asked a few weeks later.

We got to Julie's place about 7pm and she was obviously feeling lonely and was already well on the way to polishing off a bottle of wine. She decided to open Keith's present as soon as I put it in her hands and it sparked off a lot of fun and games. Julie unwrapped the present and pulled out an 8 inch dildo. We all sat and stared before bursting out laughing. As the drinks flowed the more honest we became, and I admitted I'd always fancied Julia, Sammy adding that she too thought she

SCENE From MAYFAIR

Many years ago this month, Guy Fawkes was tortured and murdered for treason. And what better way to honour a dead man than to dedicate a news section in a fanny mag to him? Ahh… see, we have got some feelings after all.

FULL TIME

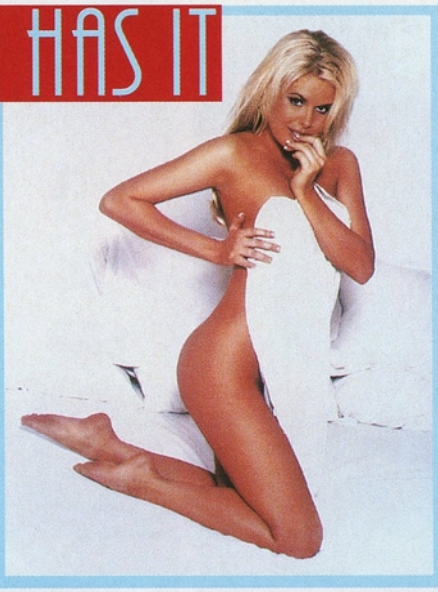
Because it was so predictable we weren't in the slightest bit surprised when *The Full Totty* video came strutting into the office. Just think, a spin on *The Full Monty* concept but this time using naked girls! Hurrah! And with a funny pun title like *The Full Totty*! Bah-hah! Actually, this is a fine film, mainly because it's one of the funniest things we've seen in a long time, as a team of models strip off for a table of 'Joe Public' (whose acting is so obvious you get the impression they're more than a little involved in the production) in an attempt to prove that you don't need Viagra – just naked girls.
It's a tad too long and all very tame stuff but kinda attractive in a Benny Hill sort of way. *The Full Totty* will be raising eyebrows in a video store near you right now.

TELL US HAVE YOU XENA

Even though dragons are as real as talking houses, some people still entertain the thought of dressing up in woman's clothes and fighting the nonsense beasts with swords. *Xena, Warrior Princess* has become a big hit with telly watchers for this very reason (well, that and being able to see Lucy Lawless jiggling about) and the show now has a comic adaptation care of creative Gods Titan Books. This cheery graphic novel (although probably not graphic enough for most of our readers) has Xena getting up to all kinds of fantasy adventure shenanigans and is out now for £7.99. Who would have thought a Channel Five programme would get this far? Maybe comic versions of *Sunset Beach* and *Whittle* are just around the corner.

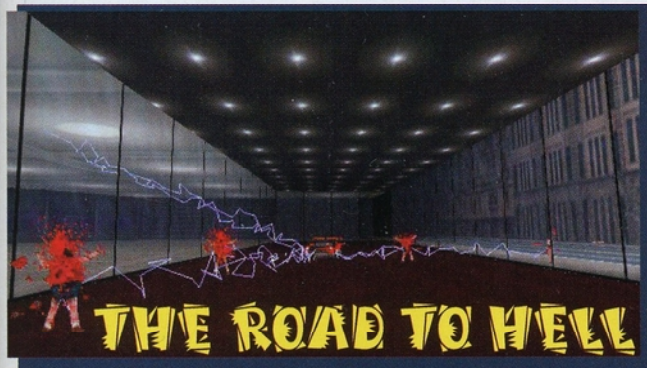
And we only got the Beano!

HARRISON HAS IT

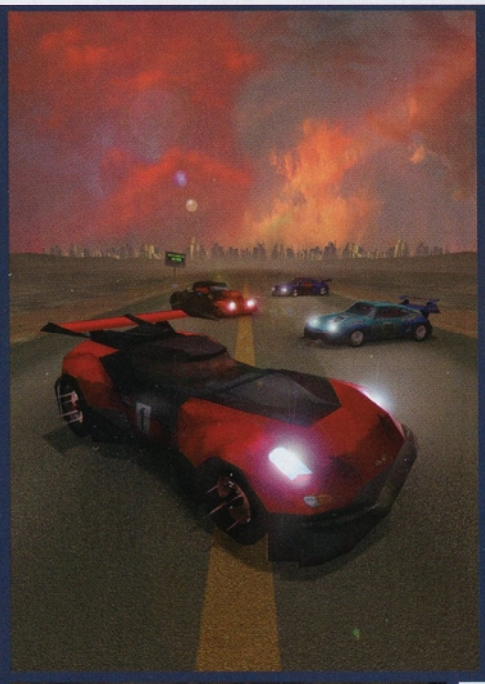


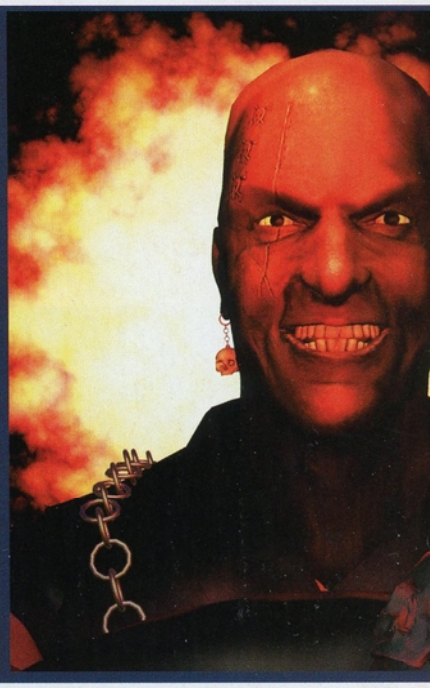
The glamour modelling road is a rocky one, but if you're successful in the nudey biz you stand to make a fortune purely on your looks. You know you're at the top when you get your own softcore video release, and Emma Harrison is the latest foxy chick to strip off on tape. Her film is released by Medusa Pictures on the Playboy UK label this very month and sees the blonde beauty up to the usual hazy lens nakedness, rolling around on her back, pouting, and acting as if she's constantly up for it. Seek out a copy to keep yourself warm this winter.

"Hello, boys. Erm… and old men."



THE ROAD TO HELL



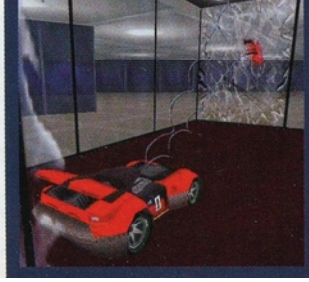


Why is it that if you accidentally run over a hedgehog on the road you feel awful but if you run over loads of people in a computer game you laugh and laugh? Why? Who fucking cares why, all we know is that *Carmageddon II* kicks blooded ass – and then reverses over it at 100mph!

A fantastically gory twist to the solidifying racing game genre, this killer title has you driving monster cars straight from the belly of the beast right into the bellies of innocent pedestrians, and is quite possibly the most extreme PC game we've seen since the adult CD-ROM *The Further Adventures Of Sausage Boy*. The entire environment can be destroyed as you career around the many mesmerising tracks, doing your best to obliterate rival racers and fuck up the aforementioned pedestrians in the most gruesome manner possible. Blood sprays, vehicles explode, buildings crumble and corpses litter the streets like… erm, like dead people. Worth every screaming, visceral penny, *Carmageddon II* is out now for £34.99. Set your head to stun.

WANT A WOMAN?

There are a million and one products on the market claiming to improve your chances with women. From necking pills to spraying yourself in pig pheremones, there are many items which promise to reel in the women but which turn out to be a complete con. Not so *How To Be A Womaniser*, an amusing book which covers every aspect of pulling women and one of the few 'guides' we've seen that actually contains decent advice. Far from being a 'get laid quick' miracle cure, it gives practical tips for those who ain't getting any, while tackling many myths about sexual attraction head on. For your copy send £13.95 (payable to Sean McCarthy) to: PO Box 54, Accrington, Lancashire, BB5 1GD. Enjoy!



WWB

Divas and Lovers Fantasies from Vienna Between The Wars is a kooky but nice looking arty manual full of pictures of women and with a 1940's feel. For £16.95 it'll make a fetching purchase for your coffee table, even though it might get you some funny looks. Meow.

SHOE HORN

Surprisingly, after working all day in an office over-flowing with shots of beaver and phone ads saying things like, "Stick it up my pink pipes" and "Pork me one in the breasts, Mr. Ass", we're not so fussed about going home and watching any of the thousand dodgy sex programmes on TV. Be it 'Topless Snooker' or a half-scrambled home-made fuck film, we prefer to shut our eyes and shout, "Take it all away, take it all away!" But out of all the sex bandwagon shows currently on offer the most popular appears to be *The Red Shoe Diaries*, the sleek American series starring David Duchovny in which people get it on against arty backgrounds. A new set of video releases – *Four On The Floor*, *Details*, and *The Ex* – offer a compilation of Red Shoe episodes and are breathing heavily on shop shelves for £12.99. So buy them if you want.

INSIDE INFORMATION

We all know that the best way to improve your sports performance is to get a steam-powered mechanical leg, but what about those people who can't afford such an operation? Well, they'll just have to make do with reading about their fave sport in a new range of essential guides in the *Inside The Game* collection. These in-depth paperbacks cover Boxing, Cricket, Football and Golf, revealing all about the rules, the stars and providing enough trivia to fill a bowl. Future titles will cover Rugby Union, Formula 1 and Horse Racing and each *Inside The Game* book can be snapped up for a mere £9.99. Goal!

VIDEO DRONE

Yeah so life is shit, what are you going to do about it? Stuck in the 9-5 routine, you're another rat in the race, chum, another sheep in the flock, buddy, and you ain't going nowhere till they bury you in a box. But hey, it's not all bad news – there are some cool videos to watch to take your mind off things. Our recommendations this month include Tinto Brass's latest weirdo sex flick *The Voyeur* which features more shots of women's arses in denim shorts than in any other movie. Alternatively, the freaky flick *Fruits Of Passion* (£15.99) might twist your melon and unlike most erotic film nonsense this actually has a plot as well as plenty of horny moments to sink your teeth into. Finally there's the twisted *Naked Killer 2* (£13.99), a Hong Kong flick that, although not a patch on the excellent original, is worth a watch simply to see how grim a film can be.

HARLEY SURPRISING

There's something about old Harley-Davidsons that really gets our stupid mouths watering. The beefy chrome grunters have got plenty of class and enough growl in their gruff engines to shake your stomach up into your throat and out of your mouth onto the floor. The new models, though, seem to be a far cry from their ancestors; sleeker bodywork, more compact designs and even a whole new engine – the Twin Cam 88. The 1999 range of bikes range from nippy babe-pullers to enormous mobile room touring beasts and are yours from £4,995 upwards each. Best get saving then, eh?

IN WITH THE NEW

You'd think that by now after all these years, everything was known about sex, but apparently there's more to it than just putting your cock into a vagina. *A New Guide To Loving* by Dr. Andrew Stanway (what is it with doctor's and sex books?) offers "frank, accessible, expert advice for couples" and plenty of explicit pictures all in the name of education. Although we're not entirely sure why, the pages of the book are split in half so that you can 'find your own path' and cover an array of topics including; 'That's Disgusting', 'I Feel I'm Going Mad', 'Noisy Vagina?' and everybody's favourite: 'Fun With Semen.' Different sex positions get a look in as well as a Q&A section and a picture of a couple running through a field. You can revise your knowledge for £16.99 as *A New Guide To Loving* is out now.

A QUESTIONABLE CHARACTER TELLS IT LIKE IT IS...

Actor Samuel Leroy Jackson found cult stardom as a bible-quoting hit-man in Pulp Fiction. Now he's got a part in the new Star Wars movie, and for once he doesn't have to "absolutely, positively kill every motherfucka in the room!"

Q: Is it true that you had a bad crack cocaine habit back in the 80s?
A: Sure. I've talked about it a lot, how it almost destroyed my career. It got so bad that I thought I was gonna die at one point. I was tired. I just wanted to lay down and just give up. I actually had never performed without some substance in me until the time I got clean.

Q: What can you tell us about the Star Wars film you're in?
A: I've always been a big Star Wars fan, and I wanted a part in this one real bad. George Lucas told me, "I'm not writing a lot of real big human parts in this movie. I know you're a good actor, but you may end up going 'Look out, run!' And as director all I'll be telling you is which way to run!" I said I don't care, I'll do anything. I just want to be in the movie. So they cast me. It's a small role and I only worked about three days, but I actually got to say the famous line, "May the Force be with you."

Q: What was it like work again with Quentin Tarantino on Jackie Brown?
A: Working with Quentin is always an incredible experience, and I was pleased to find he hadn't changed at all. It's almost like we said "Cut!" on the last day of *Pulp Fiction* and then just started on another movie.

Q: Were you upset when you didn't get an Oscar for *Pulp* or *Jackie Brown*?
A: No. I think they made a mistake, that's all. I couldn't force them to give them to me. I was bothered by missing out for *Jungle Fever* because that was the first time, and I guess the anticipation of what everybody said about it made me just a little too keyed up and when it didn't happen I was hurt. By the time it rolled around again I had no expectation. But I did mouth "Shit!" when I lost, because I didn't want to be one of those smiling faces trying to look happy for the other guy.

Q: Do you get people coming up to you in the street and quoting *Pulp Fiction* or *Jackie Brown* dialogue to you?
A: That happens, yeah. But it's a compliment, really. It just means that people recognise me or kind of enjoy something that I did.

Q: So you don't get angry and feel that you've absolutely, positively got to kill every motherfucka in the room?
A: Nobody has ever actually said that one, and we always thought they would - we thought that was the one they would grab. But I've already got *Negotiator* [Jackson's latest flick, movie folk!] lines out there. I was walking down the street in New York on the opening day and some guy came up to me and said, "I'm not going to jail today!" I gotta say, though, he looked like he might have been better off locked up!

STANDING TO ATTENTION?

Army cadet Tristan Gooley was kicked out of the force for marching around the parade ground butt-naked on May 5th. Gooley, 24, later explained his deep regret at having embarrassed his station but added he was so desperate to leave he thought the naked stunt would provide the quickest exit. He was right. A furious sergeant major dragged him from the parade ground and he was dismissed almost instantly.

RETURN OF VIAGRA

63-year-old Roberta Burke went to court in New York seeking damages after her 70-year-old millionaire lover ditched her for a younger woman. Frank Bernardo dropped Roberta two days after making love to her which he accomplished thanks to Viagra. Frank had been with Burke for ten years before falling foul of impotency in 1994. Commenting on his new-found love, Frank added, "It's time for me to be a stud again." Go, sir, go!

IN THE CAN

A tin of shit was sold at Sotheby's for £17,250, one of eight works made by Italian concept artist Piero Manzoni who died in 1963. The tin was part of a series of some 90 tins of excrement which Manzoni signed, numbered and priced according to the daily market rate for gold. But is it art? Course it isn't.

PALAVER OF THE BRIDE

A wedding in New Delhi was cancelled when a bridegroom became so drunk his wife-to-be called the police who took him to their station. After calling off the wedding a guest proposed to the bride who eagerly accepted. Ever get the impression the world is going mad?

GOOSE BUMPS

A retired policeman shot a goose and ended up being knocked out by it. David Tester was out stalking a flock of wood-pigeons in Essex and freaked out when a goose swooped towards him. He shot the goose and blanked out, only to realise what happened when he woke up and saw the dead goose lying beside him. During the incident he stumbled over and shot his foot. Ha, ha, ha, you've got to laugh.

TAKE A STRIP WITH US DOWN MAMMARY LANE

Twenty Years Ago This Month
Volume 13 Number 12

This weighty elephant of a Christmas issue (they didn't have 13 issues back then like we do in this slave working era) began with a cheeky cover image of a girl having her pants yanked by Father Christmas and then turned a bit sour with a feature that began, "Dr and Mrs Bayflower hated each other. Their secretary hated them both. Their son hated everyone. Even the Christmas tree wasn't to be trusted." Full of Christmas cheer, eh? Not to worry, at least it wasn't followed by a feature on poltergeists. Oh it was. Ahem.

God what an ugly thing. We're talking about the hi-fi by the way! Esh!

Still, at least their wasn't a bit on dull ships. Oh…

Erm… let's just show pictures of girls.

Ten Years Ago This Month
Volume 23 Number 12

Boy, what we'd give to see these lasses naked. Erm… oh… they are. Boomba!

A gigantic bible of a jazz mag, this 80's Xmas special included 'The Best Of The Year Girls' (probably making those who were left out feel like shit) and a graphic article about murder. Gees, what was it with our porn ancestors and the dark side? But hey, they sure knew how to pick some fine looking women and they also wrote a fascinating piece on very old fruit machines. Fascinating. Fascin… zzzzzzzz.

Quest picked up the pace with plenty of frank interviews about sex and the dark temptress Pascal did the honours by closing the show. Ahh…

Thirty Years Ago This Month
Volume 3 Number 12

Thirty years back and naked women were just as popular as they are today. Not only did this golden oldie (well, more of a pink colour than gold) feature a series of classy nude chicks, it even had a top article by one William Burroughs. Now how's that for a bit of culture? The ladies on parade included the sassy Mara, the very nude Miss Guyana, sex-kitten Jenny, and if they didn't tickle your old fancy, maybe the page of absolutely shit cartoons would. Nah, maybe not.

[far left] Ain't that always the way? You get a new carpet and just have to roll all over it like an insane woman.

[Nicole] No, we did this really weird shoot a few weeks ago, but there was five of us in total!
[Cilla] Yeah, that was mental. I didn't know where to lick!

Sounds awesome!
[Nicole] I was worn out by the end of the day, and shagged senseless.
[Cilla] I think I came about ten times in all. I've never been felt up by so many girls.

Neither have we! Damn, we're envious. *[Nicole] They weren't all as foxy as us though. [Cilla] There was one girl called Big Helen. My, now she was all woman! She literally licked my fanny off!*

Is there anything you wouldn't do on camera?
[Nicole] I wouldn't do any photos involving guys. I think my boyfriend would find that a bit weird, and so would I. [Cilla] I once thought about going into films but it's a lot different to doing a magazine shoot. There's more pressure in films. Still, when you're making a hardcore flick I guess you're guaranteed to get a shag! That's got to be a bonus!

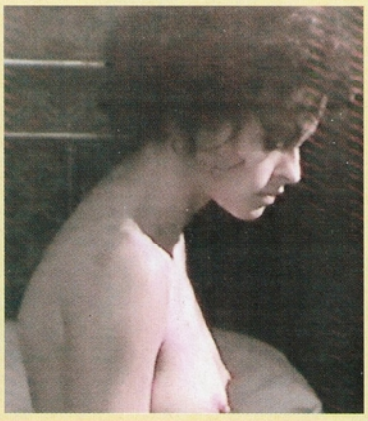
Poster Posers

Celebrity Sizzlers!

Have you ever wondered what it would be like to be famous? We'll tell you. You'd have to put up with all sorts of pressures, maniac fans and, what's more, we'd publish photos of you naked. Just like these sexy starlets . . .

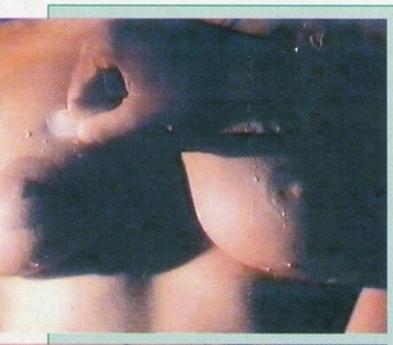


CARTER? NO, SHE CAME ON HER OWN!

The Wings Of A Dove is the latest period piece to star the enigmatic and decidedly sexy **Helena Bonham-Carter**, a classy Britbabe who has distinguished herself as one of our most accomplished actresses.

A lot of Helena's career so far has been spent playing buttoned-up young ladies in sedate Edwardian costume dramas like *A Room With A View* and *Howard's End*, where the only flesh the female characters reveal are their pursed lips and upturned noses. But she is not shy about doffing her clothes when the scene calls for it, as is revealed in the award-winning *Wings*, which is kind of like a Merchant/Ivory movie you can wank over.

Helena supplies most of the heat as a sexy adulteress conspiring to polish off a rich heiress in the Venice of the 1920s, and at the end of this deliberately paced movie, she goes all the way and reveals much more than just a lovely pair of gondolas in a graphic bedroom romp with Linus Roache (the son of Ken Barlow, of all people!). It's a pity she didn't win the BAFTA she was nominated for, but we're sure all you *Mayfair* celebrity spotters would love to give her one anyway.

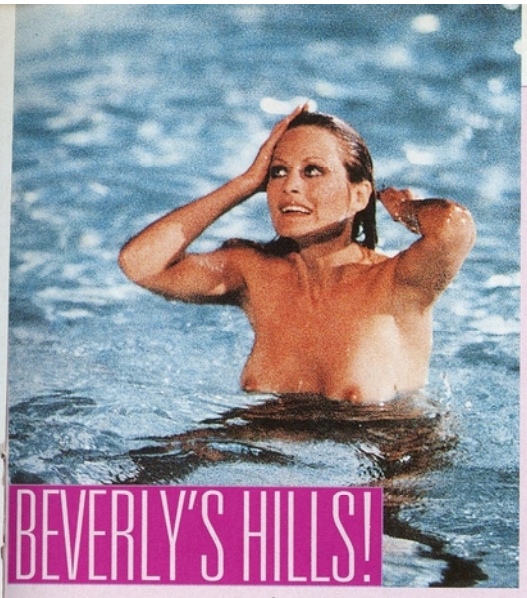


COMING UP ROSIE!

Raunchy **Rosie Perez** first caused a sensation in Spike Lee's *Do The Right Thing* and her scene with Spike began with her complaining, "It's too fucking hot to make love!" Spike's Mookie character then proceeds to cool her down – before she heats up in other ways – with the erotic use of an ice cube.

A few years later she was Woody Harrelson's horny girlfriend in *White Men Can't Jump*, in which she proved that Hispanic New York City spitfires certainly can hump.

Rosie is one of those babes who, once seen, is never forgotten, and although some find her rat-a-tat-tat, in-your-face ghetto-girl style a bit overwhelming the majority are irresistibly charmed by Rosie's aggressive charisma, her exotic, ethnic sensuality, and her upfront sexuality. But let's face it, whichever way you feel about her probably won't impress or distress Ms. Perez. She'll likely just put her hands on her hips, size you up from head to crotch, growl, "I don't give a fuck!" and then maybe add, "Hey, you know something honey, you're fucking cute."



BEVERLY'S HILLS!

Best known as the long-suffering Ellen Griswold in the *National Lampoon's Vacation* movies, gorgeous **Beverly D'Angelo** is a petite blonde sex kitten with an irresistible overbite and tits that could put your eyes out at twenty paces! They are indeed a magnificent pair, and by all accounts Beverly is more than happy to share them with her many fans. At a tribute concert to the late Frank Zappa, the actress reportedly delighted the crowd by pulling open her shirt and flashing her tits!

It's hard to believe that bouncy Bev has been showing off those suckers for over fifteen years now, ever since she first gave us a generous look at those pendulous boobs in a sexy shower scene that was one of the highlights of the first *National Lampoon's Vacation* flick. Old habits die hard, and in the recent straight-to-video thriller, *Widow's Kiss*, fortysomething Bev whips 'em out again to reveal that they look just as good as they ever did! What a gal!

Bet we can guess what sort of films you're involved in.
Go on then.

Sex films!
Wrong.

Wrong? No way!
Hey, modelling is a hobby. The films I make are serious pieces of art.

What, so no shagging at all? Not a jot?
None whatsoever. I film a lot of theatre pieces, that sort of thing.

That's hardly film making.
It's not exactly that, I don't do it in the same way as somebody who would film a wedding. I make documentaries.

Bet the men are always willing to talk to you.
Depends what I'm filming.

So you don't fancy turning you talents to the adult film industry?
It's too difficult to get involved in.

There are so many people doing it, it's hard to make a name for yourself. I think I'm on to a winner with what I'm doing.

You're doing well in Mayfair!
Yeah, I'd like to come back too.

There's always room for you here.
When do I pick up my cheque?

Erm...
What? Is there a problem?

We've put your cheque down our trousers.
Is that so? Well I guess I'd better pick it up then – with my fingernails!

Yikes! Arghh!

MAYFAIR MALE

found her really sexy too.

'This dildo is great,' Julie giggled, 'but I don't think I can last another four months without the real thing.'

I looked at Sammy and winked. She nodded and joined Julia on the sofa to give her a birthday kiss. It was a passionate kiss and I watched as Sammy unbuttoned Julia's blouse. By the time she'd been stripped to her bra and panties I had a raging hard-on. I stood up and walked over.

Julia reached out and unzipped my trousers, taking my cock and saying, 'Now this is what I call a birthday present.'

As she stroked my erect shaft, Sammy helped her out of her bra and eased her panties down, revealing her firm body. As my girlfriend fondled her all over Julia lay down on the floor and got me to feed my cock into her mouth. She was a good sucker and had me going a few times but I managed to restrain from cumming for some time.

Sammy licked at Julia's trimmed pussy and it was one hell of a horny thing to watch as she was brought to an orgasm by my girlfriend. As she came she grabbed my balls and squeezed them tight. This proved to be too much and as her tongue slid over the top of my cock I shot my load. Julia greedily swallowed some of my come then let the rest splatter over her neck and down to her tits.

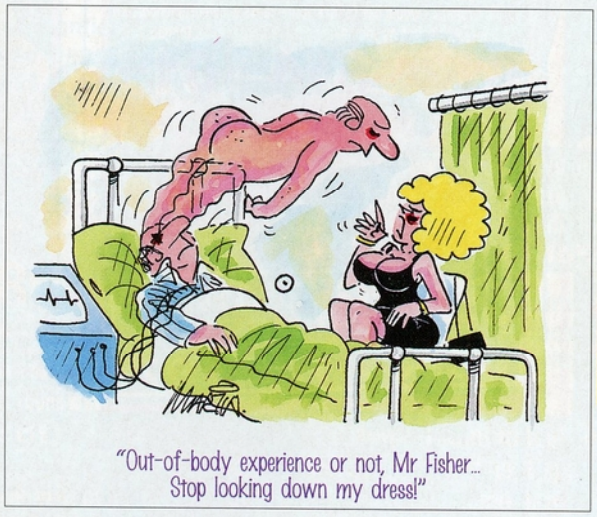
I watched as she returned the compliment and licked at my girlfriend and this got me hard.

So as Sammy came I slid my stiffy into Julia from behind. She had a real peach of a bum, well-rounded but really firm, and I grabbed her waist and thrust in hard. Julia hadn't had a cock for a while and it showed – she went wild for my member, yelling at me to fuck her harder. I was really ramming it up her as she came and when I withdrew Sammy was there to gulp my come.

> "As Sammy came I slid my stiffy into Julia from behind"

The three of us lay there for ages fondling each other and Julia just smiled and said it was a great way to celebrate her birthday.

> "She went wild for my member, yelling at me to fuck her harder"



"Out-of-body experience or not, Mr Fisher... Stop looking down my dress!"

As we were leaving, Julia told us she wished she was like the queen so she could have two birthdays a year, and Sammy and I can't wait to deliver another special present in twelve months time.

Tom, Monmouthshire

She sounds like a great woman. Apart from the bit about wanting to be the queen that is, but hey, each to their own.

PRACTICE MAKES PERVERTED

My husband and I recently joined a golf club and it's quite possibly the best thing I've ever done. Not because I enjoy the game, but because the club is full of men. It's still a novelty having a youngish (38) attractive woman as a member of the club and I tend to get a lot of attention from all the male members.

> "When I withdrew Sammy was there to gulp down my come"

The other day I was with two young guys, Max and Richard, in the club practice room. The room has a video camera linked to a computer which analyses your swing. As I took up position, Richard got behind the camera.

'You look great on the screen,' he said blatantly, 'but I can think of a few more exciting positions you could be in.'

I blushed and Max heightened my embarrassment by adding, 'Most men here would like to see you perform.'

As I stood at the ball, Max told me I had to adjust my stance. He stood close behind me and took hold of my arms and I could feel his crotch hardening against my bum as we went through a practice swing together.

Then his arms moved to my waist as he told me to remember to move with the swing. I reached behind me and felt the bulge in his trousers. It felt huge.

Max unzipped his flies and took out his cock. Grabbing his long thick shaft I stroked him while Max put his hand under my T-shirt and felt up my tits.

Richard kept the camera on us as Max and I went over to a sofa where I stripped naked. Now I normally like to take things slowly but that afternoon I craved cock and was in a hurry to get a portion. Max pushed me onto my back and hooked his arms under my legs and hoisted them up to get at my cunt. His huge cock slid in easily as my pussy was almost dripping with sex juices. As we settled into a good rhythm, Richard stood by my head. He too pulled out his cock and began wanking it, slowly lowering it toward my mouth.

For the last 15 years I've been a respectable married woman, but on this occasion I was a wild woman with only one thing on her mind, and as Max continued to bang away I took Richard's cock in my mouth. The lads stayed inside me for ages,

I always dress up in women's clothing. So you can squeeze my tits through the fabric and lift up my skirt and grope my cock through my lacy underwear. Then you can bend me over a table and take your cock & xxxx me. Ooh, I can almost feel your throbbing cock inside my mouth already. I'll suck you to completion — & believe me — I'm a fucking expert. ABSOLUTE PRIVACY ASSURED.

To fuck my tight **** – you gotta have a credit card, because I am the biggest tart in this magazine & everyone wants to fuck and get fucked by me. I like to be in control and I like to be handled quite roughly. I'll strip for you – then you can manhandle my available body – but wait till you feel my cock shoved up your **** – you'll cum instantly. I'll lick it all up of course (I would also love to lick between your cheeks to clean your hole up before I fuck you!!!)

TRY SOME COCK (BISEXUAL)

Hi, my name's Peter. I am married to a fucking hot blonde. She recently started to finger me while we were screwing. I loved the feeling of her inside me for a change. I asked her if she thought I was gay. She said that there was no way but that seeing as I enjoyed it so much, maybe I should try sucking a cock. I started 3 months ago. Now I can't get enough of the feeling of a huge throbbing cock inside my mouth. So I'm looking anywhere for cocks — toilets, movie houses, theatres, secluded phone booths in fact any fucking place. So if you'd like to listen to my experiences... What I would love, is to suck your cock (somewhere private if you like)

QUES

Bored with your sex life? Need to add extra oomph to your bedroom performance? We've only got one piece of advice – go swing!

Name:	Jenni
Age:	26
Marital Status:	Married
Home Town:	Telford

Would you describe yourself as a seasoned swinger and swapper?

Not really, in fact up until this summer I'd always considered myself to be monogamous. I've never two-timed anyone and my husband, Lee, has never been unfaithful. That made what happened on holiday all the more surprising.

Who did you swing with?

Lee, and Dawn and Howard, a couple we're friends with.

Describe what happened.

The four of us were on holiday sharing this fabulous rented villa. On the first day Dawn and I decided we'd get an all-over tan. The lads came back and found us starkers on our sun-beds, and they stripped off too. I couldn't help but feel a bit smug when I saw Howard's cock was a bit shorter and less meaty than Lee's.

> "We spent the rest of the night **screwing** each other's **brains** out"

Nothing happened until the evening, when Dawn and I were in the kitchen. She suddenly blurted out, "So what's it like getting shagged by Lee?" The look on Dawn's face said it all. She was dying to find out for herself. This set me off wondering what fucking Howard would be like. I'd never really seen him in sexual terms before, but now, the more I thought about it, the more I liked the idea. I told her that if the lads were up for a bit of hubby-swapping, then so was I.

> "There were rude **sucking** and **slurping** sounds with every **stroke in** and **out**"

Describe what happened next.

We went through to the living room where they were having a beer. I plonked myself down on Howard's lap, while Dawn sat on Lee's. I saw her wiggling her bum against his crotch. Then we started kissing them, friendly pecks building up to a full-blown snog.

While Lee was looking at me and saying, "This isn't a wind-up, is it?" Dawn was massaging his bulge through his trousers. I just smiled, unzipped Howard's flies and slipped my hand inside, stroking and groping him through his pants. Howard seemed a bit edgy, so I suggested we go to one of the bedrooms, and Lee and Dawn went off to the other.

> "Dawn **spread** her **legs**, her **pussy juicing** in **anticipation**"

How did you feel at this point?

Strange, but sexy. I tried to imagine what was going on in the other room – Dawn spreading her legs in readiness, her pussy juicing in anticipation as Lee got in between her thighs.

Now that we were alone, Howard relaxed and took control of things. When I was naked, he asked me to get up on the bed in the doggy position. His hands were instantly all over my arse, kneading and parting my cheeks. I shivered as I felt him slip a fingertip into my arsehole, and wiggle it about. He was obviously really turned on, his breathing was really heavy and he said, "You've got the most gorgeous tight arsehole."

> "I felt a **warm tingle spread** to my **pussy** and **clitoris**"

He had both his index fingers in my arsehole and was pulling them apart, stretching me open in every direction. I relaxed my body and felt a warm tingle spread to my pussy and clitoris.

"Ready for me?" he said, pulling his fingers out and grinding the head of his cock against my arsehole. His shaft slid inside in one smooth, easy thrust.

He just stayed inside me for a while, letting my arse get used to the feel of deep penetration. Then he started thrusting, gently at first, then picking up speed until he was ramming in and out. I felt incredible, really dirty. Over our moans I could hear his crotch slapping up against my cheeks, and this really rude sucking and slurping sound with every stroke in and out of my arsehole. As if all that wasn't enough of a turn-on, he reached down and started to tease my clit, rubbing, rolling and pinching it between his fingers.

> "He reached **down** and started to **tease** my **clit**"

He fucked and fingered me to orgasm twice, and each time I came he rubbed his balls against my slit, tickling my clit with his hairy sack. Then he said he was coming. As his prick began to throb in climax he pulled out slowly, and the last of his load splattered against my arsehole.

I went across to the others and saw Dawn lying on the bed smiling as Lee caressed her body. She looked a bit disappointed when I said Howard wanted her, but she went to him, leaving me with Lee. The sight of my arse soon got Lee hard again, and though it was a tight fit, I had no problem taking his cock. He shot his load deep inside me, and then we spent the rest of the night screwing.

Has anything happened since this took place?

No. We swapped on and off throughout the holiday, but things went back to normal when we came home. We still intend to swing once in a while, though.

Name:	Jessica
Age:	24
Marital Status:	Engaged
Home Town:	Southampton

Would you describe yourself as a seasoned swinger and swapper?

Very much so. I've been on the swing scene for a few years now, ever since I accepted the fact that I'm bisexual.

Who do you swing with?

As a rule, other women. Though my main relationship is a heterosexual one, I have very strong lesbian tendencies. My man's okay about this, and is happy for me to go off every once in a while and indulge this side of me.

What's the horniest thing you've ever done regarding swinging?

I got it together with two other girls who were also into the lesbian thing a month ago. Some girls just mess around to give their boyfriends a thrill, which usually means the sex is really half-arsed. But these two were the genuine article - one was bi, the other was a dyke.

Describe what happened.

It all happened at a party and the guests were pretty liberated. I noticed Hannah the second I got there, and she noticed me. I was also pleased to notice her seeming lack of interest in blokes, only to want to kick myself when I saw her engrossed in conversation with another woman. Just when I'd resigned myself to it they both walked over, and Hannah asked straight out if I fancied joining them for a bit of fun.

> *Her **pussy** was **shaved** and her **labia** felt like **velvet** against my fingers*

How did you react?

To use a tired old cliché, I didn't need asking twice! We found ourselves a bedroom and undressed. I got on the bed and Hannah joined me, while the other girl, Julia, sat down on a chair. Hannah and I started snogging and feeling each other up. She had a fabulous body, really curvy with smooth, soft skin. Her pussy was shaved and her labia felt like velvet against my fingers, then all I could feel was her sticky juices.

I licked them off my fingers, then, wanting more, I went down on her in a sixty-nine. I was on top and facing where Julia was sitting, and when I glanced up I saw her teasing herself with a big dildo.

I love sucking shaved pussy, and Hannah was so sensitive she thrashed around every time my tongue so much as touched her clit. Soon I was fingering it while I licked her deep, which got her coming in my mouth. Whenever I could, I sneaked a look at Julia who was now plunging the dildo in and out, giving herself a really good frigging. She was just as wet as her girlfriend, with juices gushing out all over her hands. I gave Hannah's pussy a rest from coming, and just enjoyed the feel of her licking mine as I watched Julia bring herself off.

> *Now and again I'd **run** my **tongue** over her inner **cunt lips***

Describe what happened next.

Hannah kept on licking me, until I had a really long-drawn-out orgasm. When I came to again, I saw that Julia had now strapped her dildo to her crotch with a leather harness. It was still dripping with her juices, and she shoved it in my face for me to suck clean. She tasted delicious, but licking her would have to wait.

> *Hannah hauled herself up off the **dildo**, leaving it sticking **straight** up from her **mound***

She lay down on the bed and started wanking the dildo, in just the same way as my man does before we fuck. Hannah straddled it, using the tip to tease her slit before she sank right down on it. I watched it slide in, stretching her cunt lips tight as she rode it, then I sat on Julia's face.

She got stuck into licking me immediately, grinding her mouth against my snatch and tonguing me deep. Hannah leaned forward to kiss me, parting my lips with her tongue, then I kissed my way down her body, pausing to suck her nipples and tongue her belly button before reaching her shaved cunt. At first I just stuck my tongue out, lapping her juices up off the dildo when it slid out. Then she took it in right to the hilt, so I could lick her clit as she ground herself around on it. Now and again I'd run my tongue over her inner cunt lips, feeling how tight they were stretched by the girth of the dildo. Her muscles began to tense, and so I snaked one of my hands around behind her and fingered her arsehole. When I sucked on her clit again, it only took me seconds to bring her to a screaming, thrashing orgasm.

Hannah hauled herself up off the dildo, leaving it sticking straight up from her mound and glistening wet. I sucked on it as Julia licked me, then I felt her grab my bum cheeks and give me a shove, coaxing me to slide down her body.

I straddled the dildo, facing her feet, and as I fucked it, she fingered my arsehole. I called to Hannah to lick my clit, but instead she got in behind me, her cunt over Julia's face as she rimmed my arsehole with her tongue. I was so turned-on I could hardly handle it. A few more minutes of this intense probing and sex juices were exploding out of me.

Does your fiancé ever join in your swinging sessions?

He hasn't so far, though I have dropped hints. I think he gets more of a thrill from imagining what I do. Of course, his curiosity may get the better of him one day!

> *Juices **gushed** out all over her hands*

Would you describe yourself as a seasoned swinger and swapper?

Put it like this, one of our friends once called my husband Geoff "the King of the Swingers", and the name's stuck. That makes me his Queen of the Swingers, and I probably deserve the title.

Who do you swing with?

Pretty much anyone and everyone on the scene. Some people won't let single blokes come to their parties, just single girls and couples.

> "Another cock was dangling over my face, ready to be sucked"

I don't discriminate like that, though I am careful about who does and doesn't get in, and what better way to vet a bloke, to see if he's got the right idea about the scene and its etiquette, than to screw him? I like to get some action with every bloke there at one point or another. Usually I do this as and when, but on this one occasion I was the centre of attention and got screwed for five hours solid. It became the theme of the evening.

Describe what happened next.

It's a tradition that when all our guests have arrived and we're all locked in safe from the uninvited and prying eyes, everyone gathers around Geoff and me and watches us have the first fuck of the night. On this occasion, he took me from behind, and used anal beads on me - he stuck them up my arse, then when I was coming, he pulled them out slowly, one by one, to intensify my orgasm. I must have looked as horny as I felt, because by the time he'd finished, every bloke there - twelve in all - was wanking. Geoff pulled out

> "My only problem was making sure everyone got a piece of my pussy"

> "Geoff pulled out before he came and shot his load all over my bum"

before he came and shot his load all over my bum. Then he made an announcement. "I'll trust you to make sure my wife gets all the fucking she needs," he said.

How did you react to this?

I came! How everyone else reacted is more to the point - they treated what he said as a challenge, and I didn't get left alone all night.

Describe what happened.

Jake, a black guy in his twenties, was ready and waiting to take Geoff's place. I was so wet he just rammed in, and fucked me so hard I came in seconds. He started off thrusting slowly, then another bloke, Ewan, knelt in front of me for a blowjob. I couldn't get his cock any harder and stiffer than it was, so I just kept it that way, squeezing my fingers tightly around the base and sucking on the head. As Jake watched over my shoulder, he couldn't hold back from thrusting harder and faster. I knew he wouldn't last long but as such it didn't matter, Ewan would take over.

I slammed back as Jake hammered in, trying to keep my sucking pace slow and steady. Suddenly, I felt a hot wet, explosion high in my cunt as Jake emptied his balls. In the split second it took Ewan to realise what had happened, someone else sneaked in behind me. Whoever it was gave me a good solid ramming from the word go, pumping me to yet another orgasm. He came soon after, but Ewan had reached the point of no return. All I could do was carry on sucking him, then when his prick started jerking around in my mouth, I reared up and squashed it between my boobs. He came all over them, and as I used his helmet to rub his spunk into my nipples, I promised him a fuck when he was nice and hard again.

> "I used his helmet to rub his spunk into my nipples"

I was already feeling fingers pulling on my cunt lips, and trailing up and down between my legs. It was Peter, a bloke in his forties, and I rolled over on my back and pulled him on top of me. When we broke our long deep kiss, another cock was dangling over my face, ready to be sucked.

How did you feel at this point?

I was loving every second of it. Geoff was really getting off on it, lining blokes up for me so I wouldn't be neglected for an instant. In fact, my only problem was making sure everyone got a piece of my pussy. I'd only serviced five or six of them before Ewan was back and ready to fuck me. I gave him my undivided attention, fondling his balls and arse as he gave me a long, slow shafting – long and slow enough for us to change position three times. Other complications, if you could call them that, included Geoff jumping the queue to fuck me because he "couldn't wait". Quite a few of the blokes couldn't wait, so they settled for wanking off all over my tits, in my mouth, on my arse, everywhere.

Has anything happened since then?

Everyone on the scene still seems to be talking, months later, about what happened that night. Maybe it's time for a repeat performance!

> "I felt a hot wet, explosion high in my cunt as Jake emptied his balls"

Name:	Ellie
Age:	28
Marital Status:	Single
Home Town:	Manchester

Would you describe yourself as a seasoned swinger and swapper?

Yes, but only since I've been involved with my boyfriend Adam. It's the perfect solution to the fact that we both have a submissive side we like to indulge in.

> "She was squirting spunky juices into my mouth"

Who do you swing with?

People who fit our fantasies. We tend to swing on the fetish scene, because it's easier to find people who are really open-minded.

The other month we got really lucky and met a couple - Nick and Sandra - who both got off on being dominant. After talking to them we arranged to go to their place for a scene.

Describe what happened.

We arrived and Nick led Adam upstairs, while Sandra and I went into the living room. "Okay," she said, suddenly switching to stern mode. "Get undressed." When I was naked, she cuffed my hands behind my back and took me upstairs. Nick finished tying Adam to a chair when I walked in, and he came over and started feeling me up.

> "I felt Nick's prick enter my streaming cunt"

Before Adam could say anything, Sandra walked in, sniffing my discarded knickers.

"Nice tight twat," Nick said, slipping three fingers inside my pussy. Then he said to Adam, "And I intend to fuck it."

How did you react?

I said to Nick, "Good. I want you to fuck me," knowing Adam would really be turned on by it.

Even better, Nick added, "But first you'll just have to wait until I've fucked my wife."

> *My **pussy** was aching for him to **stick** his **prick inside***

and an orgasmic yell from Sandra – Nick's body went stiff, then shuddered as he climaxed.

Holding her legs up so his spunk wouldn't run out of her cunt, he told me to come over and kneel between her legs. Her muff was a mess of sticky froth mixed with blobs of sperm, and he pushed my face down into it.

As I sucked and slurped away, lapping up every drop, Nick got in behind me and started to tease me with his cock, just as he'd done to Sandra. He said he wasn't going to fuck me until I'd made her come. All it took was one gentle suck on her clitoris, and she was squirting spunky juices into my mouth.

> *Nick slipped three fingers **inside** my **pussy***

What happened next?

They got me to kneel down on the floor next to Adam's chair. Sandra lay down on the bed, which was a low futon, sideways on to us. Nick hitched her skirt up around her waist, pulled her knickers to one side, then pulled out his cock. He played around for a while, teasing her slit with his knob until she was desperate to take it.

How did you feel at this point?

Probably as frustrated as Sandra! My pussy was aching for him to stick his prick inside hers. I could see her trying to rub herself against him, trying to seduce him into fucking her. Sandra moaned out loud as Nick's cock drove hard and deep into her soaking hole. He fucked her hard and fast, bearing down on her so hard he virtually bent her double. Then he angled her so we could see his prick pumping in and out of her. After a couple of minutes –

Describe what happened next.

All this while, my arms were kept cuffed behind my back. Nick hauled me up onto my feet, then marched me over to Adam's chair bending me over so my face was in Adam's crotch. Then, at long last, I felt Nick's prick enter my streaming cunt. He screwed me with long, grinding strokes, rubbing my face against Adam's straining bulge. Every so often

> *Her **muff** was a **mess** of **sticky froth** mixed with **blobs** of sperm*

he'd pull out and lay his shaft down the groove of my arse. Every time he did this, Adam groaned and I felt his prick twitch against my face.

Nick made me come a couple of times, then pulled back so he could speed up his fucking. I clenched my pussy tight around his shaft, trying to squeeze every bit of pleasure from the experience, but before I even reached the brink of coming, Nick's spunk blasted out inside me.

It ended with Adam and I being untied so we could all fuck each other's brains out.

Has anything happened since then?

Nick and Sandra called us recently to see if we were up for it again. Funnily enough – we definitely are!

You've been described as the perfect woman by hundreds of our readers, Ronnie.
If only they knew the truth.

Eh? Sounds worrying!
I'm just winding you up. No, I'm flattered that they think that. I can get quite moody, though. I wonder if they'd like me when I was throwing a wobbly.

If it was one of your wobblies you were throwing they'd definitely be pleased!
Nice!

Does the pressure ever get to you?
The only pressure that effects me is when I'm wearing a bra that's too small.

We've had lots of requests for you to do a two-girl set. What are the chances?
It's not really my cup of tea. Besides, why would I want another girl to steal the show? Actually, I would do a two-girl set.

Really?
Yeah, but only when they perfect human cloning. I'd like to do a double shoot with myself. Now that would be something!

Well when it happens we'll hold you to that!
Okay. It could take a few years, though. I might not be looking so hot in the future either.

Your beauty is timeless.
That's the worst chat-up line I've ever heard. Where did you get that from, a Christmas cracker?

both sliding in and out of my two holes. I wanted to taste come but they kept me waiting, switching places with each other so that I had Max in my mouth and Richard easing into my cunt. As I gobbled one dick while feeling another in my pussy I rubbed my clit, and it didn't take long before I reached my climax.

> "I felt a thick load of his sperm spurt into my mouth and ooze down my throat"

My cunt almost gushed with juices as Richard gave me a final hard fucking, clenching as he pulled out and shooting his come all over my stomach and tits. Then Max twitched as I sucked and I felt a thick load of his sperm spurt into my mouth and ooze down my throat.

When we stopped filming I cleaned myself up and left the room, taking the tape home with me. I spent the rest of the day watching it, and couldn't resist sticking my fingers in my pants and having a good frig.

I went back to the club a few days ago and Max invited me back into the practice room. At this rate I'm going to have to buy a new cabinet to put all my 'golf' videos in!

Pamela, Newport

That sounds like the ultimate golf game – it's indoors, warm, and the balls don't get lost.

MEMORIES ARE MADE OF JIZZ

I can remember staying at a friend's house many years ago during a very hot summer. My friend's mother was a fine woman, tall with a good figure and as soon as we were introduced we hit it off immediatly. Surprise, surprise, we found ourselves completely alone one day and in the heat of the day we lolled about in the garden semi-naked. She was wearing an extra short beach skirt and with a giggle she whispered in my ear, "I know the best thing to do when it gets this hot," and lifted her skirt to display her bushy cunt. To my surprise it was dyed green! I was in for a field day!

I got an instant erection which was practically bursting out of my shorts. Soon she had it out and put her luscious lips around it, taking the whole of my penis into her mouth and gobbling away as I fondled her naked bum. I told her I was really turned on by suspender belts and high heels to which she replied, "I'd better put some on then, hadn't I?" So that she could get dressed up for me (and as we didn't want to risk getting caught in the garden fucking!) we went inside and into her bedroom

I picked out several pairs of stockings that I thought were great, but before I even had a chance to suggest she wore them, she was on all fours begging me to fuck her.

Obviously, I decided to forget my comments on stockings and high heels and concentrate on the job at hand, wanking my cock to full stiffness and pushing it into the gaping pussy in front of me.

The tight sensation of this woman's snatch hugging my cock sent shivers through my spine and I thought I was going to come on the first thrust as the feelings were so intense.

> "My cunt gushed with juices as Richard gave me a final hard fucking"

By the end of our session I was totally exhausted and completely drained of my spunk. Eventually we both took a bath together where I had a head-to-toe soaping, with special attention being paid to my groin. All the attention soon got my cock rock hard again, and the sexy woman with me was all too willing to take care of it. Happy memories!

Jonty, Walsall

Ahh… the joys of reminiscing about old times. And older women!
